2007 Electric Annual Report

Instructions

General

1. A Microsoft EXCEL[®] workbook of the annual report is provided on our website for your convenience. The workbook contains the schedules of the annual report. Each schedule is on the worksheet named that schedule. For example, Schedule 1 is on the sheet titled "Schedule 1". By entering your company name in the cell named "Company" of the first worksheet, the spreadsheet will put your company name on all the worksheets in the workbook. The same is true for inputting the year of the report in the cell named "YEAR". You can "GOTO" the proper cell by using the F5 key and selecting the name of the cell. You may also obtain these instructions and the report in both an Adobe Acrobat[®] format and as an EXCEL[®] file from our website at <http://psc.mt.gov/>. Please be sure you use the 2006 report form.
2. Use of the EXCEL[®] workbook is optional.
3. All forms must be filled out in permanent ink and be legible. Note: Even if the computer disk is used, a printed version of the report must be filed. **Please submit one unbound copy of the annual report along with the regular number of annual reports that you submit.** This aids in scanning the report so that it may be published on our web site. The orientation and margins are set up on each individual worksheet and should print on one page.
4. Indicate negative amounts (such as decreases) by enclosing the figures in parentheses ().
5. Where space is a consideration, information on financial schedules may be rounded to thousands of dollars. Companies submitting schedules rounded to thousands shall so indicate at the top of the schedule.
6. Where more space is needed or more than one schedule is needed additional schedules may be attached and shall be included directly behind the original schedule to which it pertains and be labeled accordingly (for example, Schedule 1A).
7. The information required with respect to any statement shall be furnished as a minimum requirement to which shall be added such further information as is necessary to make the required schedules not misleading.
8. All companies owned by another company shall attach a corporate structure chart of the holding company.

9. Schedules that have no activity during the year or are not applicable to the respondent shall be marked as not applicable and submitted with the report.
10. The following schedules shall be filled out with information on a total company basis:
 - Schedules 1 through 5
 - Schedules 6 and 7
 - Schedule 14
 - Schedule 17 and 18
 - Schedules 23 through 26
 - Schedules 33 and 34
11. All other schedules shall be filled out with either Montana specific data, or both total company and Montana specific data, as indicated in the schedule titles and headings.
12. Financial schedules shall include all amounts originating in Montana or allocated to Montana from other jurisdictions.
13. FERC Form-1 sheets may not be substituted in lieu of completing annual report schedule.
14. Common sense must be used when filling out all schedules.
